Introduction

Are you looking to start a charitable organization in India? At **NGO Experts**, we specialize in **Trust Registration** and **Society Registration** services to help you establish your NGO legally and efficiently. Whether your goal is to promote education, healthcare, or any other social cause, registering your trust is the first step towards transparency and recognition.

Trust Registration is a legal process under the Indian Trusts Act, 1882, which enables individuals or groups to form a non-profit organization. Our expert team at NGO Experts ensures that your trust is registered with complete compliance, minimizing legal hurdles and saving time. We also assist in **Society Registration** under the Societies Registration Act, 1860, for clients looking to establish member-based organizations with a wider democratic structure.
